

Short courses

Cut to the chase.

Whether you want to upgrade your skills, chase an interest or have a go before committing to a certificate course, we can help.

What is a short course?

Short courses are usually conducted over one or more sessions. They are designed to assist you in your current employment, to learn a new skill or to pursue an interest before you commit to an accredited long-term qualification. A short course can be an economical way to gain new skills or to enhance (or refresh) your existing skills.
